

Administration and Communications Sub-Committee – Paper E

Meeting: 4th September 2014

Agenda Item 4(c)

Working with the communications working group

1. Members may be aware that a Communications Working Group exists. The CWG is a meeting of communication professionals from Local Government Pension Scheme (LGPS) funds in England and Wales is a collaborative forum. Its members meet on a quarterly basis to develop items of communication, primarily for scheme members in the LGPS. The group was created and is run by the Local Government Pensions Committee Secretariat (LGPC) (as part of the Local Government Association).
2. The work plan of the CWG is attached (and is also available at <http://www.lgpsregs.org/images/CommsResources/CWGWorkPlan2014-15.pdf>).
3. Members of the sub-committee are asked to consider how best to interact with the CWG e.g.
 - would the sub-committee wish to commission the CWG to undertake items of work identified by the sub-committee?
 - should a representative from the CWG be invited to attend meetings of the sub-committee?
