Dear Paul

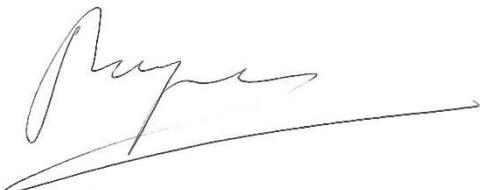

## **Local Government Pension Scheme: Scheme Advisory Board Fair Deal Policy**

I am writing to ask for an update on the Fair Deal policy. This request arises following discussion at the Cost Management, Benefit Design and Administration Committee on the 12<sup>th</sup> of September 2022 and was approved by the Board when it met on the 10<sup>th</sup> of October 2022.

We are aware that the government website has been amended to show that the approach to Fair Deal in the Local Government Pension Scheme was being reconsidered in light of an earlier consultation. That would be welcome but, to date, we have not had confirmation from officials that this is the case.

Could you please advise whether this policy is under active consideration, and if so how we can contribute to that process.

Yours sincerely

Cllr Roger Phillips  
Chair of the Board
